JUDGE WALTER HERBERT RICE

DECISION AND ENTRY REFERRING DEFENDANT TO A FEDERAL
MEDICAL CENTER FOR A MENTAL STATUS EVALUATION
PURSUANT TO 18 U.S.C. §3552(c)

Pursuant to the record made both in the conference room and in the courtroom on Tuesday, September 4, 2012, sentencing of this Defendant was deferred. Rather, the Defendant was referred to a Federal Medical Center for a mental status evaluation, pursuant to 18 U.S.C. §3552(c). Following the examination by the Federal Medical Center, the institution should render the undersigned a full report on its evaluation, testing and conclusions reached therefrom.

There is a history of the Defendant experiencing auditory, olfactory and visual hallucinations. This Court will furnish the Federal Medical Center, together with this Entry, the Defendant's Presentence Report, with two evaluations and reports rendered by Dr. Massimo DeMarchis, Psy. D., (one on the subject of the Defendant's competency and the other on his sanity at the time of the events in question), and

pertinent letters from both Defendant and members of his family. It is the Court's understanding the counsel may wish to submit additional information.
